About us

2013

In 2013, the partnership was formed from 3 primary schools in Greenwich. We established a common curriculum framework, a suite of professional development training and networks of excellence shared between our staff. This included policies, planning materials and school improvement tools.

Within 2 years, all 3 schools had improved provision and outcomes for pupils and were judged to be good or outstanding by Ofsted and Challenge Partners. The partnership had established a mature framework for school-to-school support programmes, delivered both locally and across the country.

The Inspire Partnership became a multi academy trust in 2017, one of four partnerships granted permission to create a charitable Trust in Greenwich.

2017

In 2017 we were invited by Medway to support Maundene and then Elaine primary schools, both underperforming with declining standards and pupil outcomes way below national expectations. Within a year, each school had joined the Trust having demonstrated rapid improvement. This was measured by:

- Self-evaluation judgements
- External school reviews
- Challenge Partners reviews
- Triangulation of data across the schools

The strategy for school improvement focused on the following areas:

- Development of a global curriculum which prioritised greater depth learning
- Established training programmes for all staff
- Strong collaborative leadership
- High quality outcomes for children across learning disciplines

Where we are now

In 2020, we are now at the point of starting a new journey with 4 schools joining the Trust. Delce Academy joined us in March 2020, followed in April 2020 by Forest Academy, West Thornton Academy and Woodside Primary School - all from Croydon.

Now a family of 9 schools, we are about to write a new chapter, serving new communities and bringing our 9 schools together as 1 family across 3 regional hubs.

A young girl with dark hair in a ponytail, wearing a dark jacket with a light floral pattern and dark trousers, is running through a field of autumn leaves. She is looking up and smiling, with her mouth open as if laughing or shouting. The background is a soft-focus landscape with trees and foliage. The entire image has a blue-grey tint.

Our Mission & Working at Inspire Partnership

Our Mission

Our mission to transform children's lives through partnership and collaboration comes from a desire to create a coalition for change in all of our schools, building a legacy where pupils are able to fulfil their true potential as learners.

At the Trust's inception, we recognised each of our founding schools required an alternative approach to improvement which focused more on relationships, connectedness and inter-disciplinary approaches to learning. This is why collaboration is central to our mission. It binds schools together as communities, reminding us that we exist in the People Age. The emphasis on transformation exists because our schools have all required rapid systemic improvement in practice.

Partnership and collaboration apply both to how students learn best but also how school communities become stronger. For example, when children are taught how to work together collaboratively, success is measured through interaction, engagement and relationships.

Working at Inspire Partnership

The Inspire Partnership is committed to offering its staff career-defining opportunities backed by a competitive package of employee benefits.

We always want to attract high-quality candidates who can identify with our Partnership Values:

Collaboration matters
Excellence in everything
Community first
Equity for everyone

At the Inspire Partnership we are extremely proud of our curriculum model, which ensures pupils develop core knowledge and skills leading to high quality learning outcomes, as well as developing pupils' confidence to make a difference in the world. We believe the fundamental goal of a world class education is to ensure students make a meaningful contribution within their community and beyond. For this reason, our curriculum links to Oxfam's global citizenship and the United Nations sustainable development goals.

We will always seek to celebrate our pupils' achievements through stunning visual displays and these are a defining feature of our schools. Please do arrange a visit to see for yourself.

We recognise continuous service in line with the Redundancy Payments (Continuity of Employment in Local Government etc.) Order 1999.

Help & support in the workplace

We are looking for staff who want to make a real commitment to the partnership and what it stands for, but we also know that there will be time when you need a little extra support. Therefore, we have a range of family friendly policies and services in place like employee assistance programmes and occupational health to give you the help you need when you need it.

Continuing Professional Development

We believe that the best results come from learning and working together and those joining the partnership will be encouraged and supported to fully integrate CPD into their working routine, whether this is through attending one of our in-house training courses, participating or leading a research project or having the time to plan and learn with colleagues from across the partnership.

Inspire Partnership Hub

We have recently launched an online employee communication and rewards platform for all staff. The Hub will give you access to the latest internal news, information and developments as well as offering generous discounts from a wide range of high street and internet retailers.

Our Curriculum

The Inspire Partnership curriculum is underpinned by education for global citizenship. We believe that learners are entitled to an education that equips them with the knowledge, skills and values they need to embrace the opportunities and challenges they encounter; creating a future that they want to live in. Learning is brought to life through current contexts that connects to our children's lives - who they are, how they fit into the world and how they contribute back.

Inspire Partnership Character Skills

Our curriculum connects to real life, promotes thinking as a global citizen and develops character skills for young people to make meaningful contributions to society. Even very young children are trying to make sense of a world marked by division, conflict, environmental change and extreme inequality and poverty. It is designed to enable children to make deep connections between learning and understanding the world that they live in, leading to children connecting taught knowledge and skills with agency and purpose.

Therefore, we ensure learning is 'deep' rather than shallow. Deep learning requires planning for and modelling behaviours and actions associated with:

- deeper thinking
- deeper purpose
- active and collaborative engagement so that children meet the world but are not at the centre of it.

Curriculum Implementation

Six global learning themes underpin our curriculum and each theme is broken down into knowledge and understanding, skills and attitudes:

- Social justice and equity
- Identity and diversity
- Sustainable development
- Peace and conflict
- Human rights
- Power and governance

In order to achieve depth of thinking and learning we plan for children to focus on three of these themes per year. Across each year a number of high-quality core texts are used to bring the themes to life for our children and to promote a connectedness with the learning.

To allow for deep seeking meaning we ensure that our curriculum promotes learning for both their cognitive domain and affective domain (see visual below). Through our knowledge, understanding and skills we aim to develop our children's cognitive capacity including application, synthesising and evaluating. Equal focus is given to the affective domain through our focus on values, motivations and attitudes towards learning. The values, motivations and attitudes need to be modelled and taught explicitly alongside curriculum content. We share, celebrate and pay attention to the specific learning dispositions that need to be nurtured and developed within our children.
